Checkpoint 4   Peer-Review Sprint D   15-12-2021   ☺

During Sprint D, I have helped the frontend team with implementing the graphs made in the backend. I have also added unit tests to make sure everything works accordingly. I have been active in team me... Read more

Demonstrated solid technical knowledge and very good communication skills.

Really good work with the backend, helps a lot with ideas and always makes sure to complete everything on time.

Very good progress in all parts of the application, did incredible work on the backend with outstanding result and very active team member

Good work on the backend. Did all that was expected and in time.

Checkpoint 3   Peer-Review Sprint C   24-11-2021   ☺

This sprint, me and Ivan have managed to send the needed information to the front-end. We have created 2 controllers for the InkUsage graphs. I have been active in the internal team meetings and tried... Read more

Did a lot to expand the backend

Solved a complicated problem with back-end design. Approachable and reliable teammate.

Always on time, active in team meetings, have great progress with back-end and hard worker.

Worked well as a group and had good feedback and communication. Did expected tasks successfully.

Had some very good ideas about how to approach the back-end, very good group/individual work balance.

Checkpoint 2   Peer-review Sprint B   03-11-2021   ☺

I have came up with ideas for the documents and for the backend part in which I took part alongside my teammate Ivan. Me and him have been communicating actively about what part does each of us. I hav... Read more

Great progress with back-end API.

Active during meetings, did assigned work on time.

Active in teams meetings and hardworking student.

Very responsive and helpful in all situations. Always arrives on time and focuses on a task, even if we are tight on time and have other things to focus on.

Checkpoint 1   Peer Review Sprint 1   06-10-2021   ☺

I have been active in team meetings, came with some ideas for how the front-end should look like. Regarding the plotting of the graphs, I need to do more research on how to work with jupyter notebook,... Read more

Good work on documentation and good ideas

Keep contributing to applied research.

Tops: You did well this sprint. Always present and you come up with ideas to improve the project.
Tips: I don't have any tips for you at all.
